

2023 Environmental Standards Product Guide

Sauder® Manufacturing Co. is a proponent of designing and building environmentally responsible products. In 1945 our founder, Erie Sauder, started making furniture with the scrap wood he had left over after completing larger church furnishing and remodeling projects. Making the most of what we have has always been important to us. Today, our company continues to implement practices that respect our world. To learn more about our renewable programs, conservation work, re-cycling efforts, or our furniture re-purposing programs visit saudermfg.com

For additional information on any of the certifications or environmental information, please contact Emidio Rapone at trapone@wielandhealthcare.com

Product Name	Flame Retardant Free	PFAS Free	Anti-microbial Free	PVC Free	Toxic Heavy Metal Free*	BIFMA e3 LEVEL®	GREENGUARD® Certified			Greenhealth Certified

¹ Excludes customer request for Thermoform options
* Specifically free of Arsenic, Beryllium, Cadmium, Hexavalent Chromium, Lead and Mercury

Please Note: Since fabrics are chosen by the customer, Wieland's Declaration that products are free from chemicals of concern expressly EXCLUDES upholstery. Wieland will

gladly assist in the fabric selection process, assuring that they are free of Flame Retardants, PFAS and PVC, and meet the requirements of CA TB117.

Furniture described herein meets the Healthy Interiors goal of the Safer Chemicals Challenge according to the manufacturer.
